ROTARY AID FOR BUBBLES AND DREAMS

The Rotary Club Marbella-Guadalmina recently raised €2,150 to help the charity Bubbles and Dreams by organising a car run through the Serranía de Ronda, with lunch by the lakes of Zahara de Sierra. The Bubbles and Dreams Association was founded to fight for the rights of children with rare diseases, give them access to therapy and offer support to their families. Above, association president Jorgelina Amezago receives the donation from Rotary members.

Inspiring drive for a local cause

MAY 30, will allow you to discover the beauty of Serranía de Ronda and the Parque Natural de Sierra de Grazalema on a guided car run with the members and friends of the English-speaking Rotary Club Marbella-Guadalmina.

Starting from Monte Halcones, the route will lead to the typical white village of Grazalema, with an optional visit to one of the oldest woollen mills in Spain.

The road to Zahara de la Sierra has far reaching views of the Sierras and lakes. If you are lucky, golden eagles, Egyptian and griffon vultures and other birds of prey may be spotted. The trip will finish with a delicious lunch at El Lago.

Last year's run saw a wide range of cars and motorbikes take part and raised a significant amount of money. The money this year will go to Bubbles and Dreams - an organisation that helps children with rare diseases.

The event is very informal and friendly. However it is important to book a place in advance, with Jordi at info@parodilawyers.com.
